This is to confirm that National Intelligence Officer Hans Heymann will address approximately 30 student interns from the Stanford-in-Government Summer Speaker Program on Tuesday, 26 July from 10:00-11:30 a.m. According to our conversation, the briefing will be in the Longworth House Office Building, Room 1732. Is there parking available for Mr. Heymann?

As you requested, a biography of Mr. Heymann is enclosed. The title of his speech is "The Role of Intelligence in Foreign Policy Making."

We would appreciate any further information on the interns such as: are they graduate students and what are their major disciplines? Will there be any foreign nationals present?

We look forward to hearing from you. I know the meeting will be beneficial to all participants. Please feel free to call me
